Chapter 1: How You Approach Life and How You Appear To Others

Libra Rising:

You are a natural diplomat, reasonable, tolerant, fair, always willing to listen to varying viewpoints, and ready to see the other side of an issue. Even if you strongly disagree with someone, you will try to find points of similarity and agreement rather than emphasizing the differences. You often avoid taking an extreme or one-sided stance on anything. You have a strong desire for harmonious and pleasant relationships, and express a spirit of cooperation, compromise, friendship, and fairness. You very much want to be liked and because of your need for approval and acceptance, you are easily influenced by others' opinions, especially when young. You so much want to please that often you will suppress your own intense or unpleasant feelings in order not to offend others. Sometimes your politeness is interpreted as phoniness or wishy-washiness.

Your need to create harmony extends to your physical environment and personal appearance as well. You appreciate beauty and have a natural sense of balance, symmetry, and proportion. You do everything in good taste, with a sense of style and art. From your home furnishings to your choice of clothing, everything must be aesthetically appealing, not simply functional or utilitarian.

You also feel that relationships are an art, one that especially interests you and one that you are usually quite skilled at, for you possess tact and acute awareness of other people. Marriage is very significant to you and finding the right person to share your life with is extremely important. Being part of a close couple seems natural to you - you are not an independent loner. Having a partner increases your self-confidence. You do have a tendency, however, to become overly dependent on your partner and perhaps not to develop a clearly defined identity outside of the relationship. Finding the balance between being yourself and blending and uniting with another is a challenge for you.

Others see you as an agreeable, smooth, harmonious, and "nice" person. Though there may be much more to you, this is the sort of face you show to the world. You possess personal charm and an understated, noncombative manner. Your motto could be "you catch more flies with honey than with vinegar" for you usually take a friendly, cooperative approach rather than a strong, forceful, I'm-going-to-conquer-the-world attitude.

Chapter 2: The Inner You: Your Real Motivation

Sun in Virgo:

At heart you are modest and humble, and you rarely strive to be in the limelight or in a position of power. You have a sharp analytical mind, a keen eye for detail, and you prefer to observe, dissect, and study life from a distance. Conscientious and conservative, you can be relied upon to be careful, efficient, and thorough in your work and you take pride in doing a job well. What you may lack in self-confidence you often make up for in skill - developing expertise, technical knowledge, and competency in some specialized area. You are adept at using your hands to create or fix things, and meticulous attention to detail and careful craftsmanship are your forte. Some would say you are a little TOO meticulous, for you can be extremely critical and petty if everything is not done exactly as you think it should be, and you worry about things that other people consider trivial and unimportant. You like to organize, categorize, and arrange everything into a logical system, and you are often distinctly uncomfortable when something does not fit into a neat category. Disorganization vexes you. You probably wish that you were not such a perfectionist, for besides being a stickler for details, you can be

mercilessly self-critical as well. Whether in your environment or in yourself, you tend to focus on the flaws, with a desire to improve, refine, and perfect. You are strictly factual, truthful, and scrupulously honest in your self-estimation, and you often do not give yourself enough praise or credit.

You are also highly discriminating and may be especially particular about your diet, hygiene, and health habits. You have high aesthetic standards and refined sensitivities, and will be bothered by elements in your surroundings (such as disorder, cigarette smoke, etc.) that others overlook. Your tastes are simple, understated, but refined. Coarseness, bluntness, and vulgarity really offend you. You can be difficult to live with sometimes because of your fastidiousness, your sensitivity, and your idiosyncrasies about food and cleanliness.

Though you seem rather cool and self-contained, you have a very helpful nature and you enjoy serving others. You are content to be in a supportive, assisting role rather than in the lead. You are quietly devoted to the ones you care for.

You are careful and cautious in your approach to life, realistic, practical, and disinclined to gamble. You analyze before you act. You are too serious sometimes. Allowing yourself to play and to make mistakes would be HEALTHY for you!

Sun in 12th house:

You tend to get involved in the helping professions or in activities where your efforts are hidden, behind the scenes, unacknowledged, or unknown to the public. Asserting yourself or getting up in front of an audience may be exceedingly uncomfortable for you.

Sun Opposition Pluto:

You are intensely willful, zealous, and fanatical, though often you hide the intensity of your feelings and your personal motives and desires. You have an infatuation with power and an almost compulsive desire for personal recognition, the desire to be Somebody. You tend to worship Heroes who have powerful personal magnetism and charisma, and often seek to emulate them. You also have both a fear of, and an intense fascination with, death and the hidden, secret, dark side of life.

Chapter 3: Mental Interests and Abilities

Mercury in Virgo:

You are an exacting perfectionist with a clear, logical, analytical mind and an aptitude for work that requires meticulous attention to detail and efficient organization. Well-grounded and pragmatic, you tend to develop specialized skills and technical expertise in some practical field. Knowledge, ideas, and theories don't really interest you unless they are useful in a tangible way. You are inclined to analyze, measure, and dissect everything and to miss nuances, subtle shades of feeling and meaning. Your strengths are in your precise thinking, careful craftsmanship, and mastery of technical skills. You tend to be very good at what you do and critical of others' work if it does not meet your high standards.

Mercury in 12th house:

You don't speak up readily, even when you have a lot to say! Also, your mind tends to drift and you find it difficult to study very factual material that doesn't have much color or imaginative appeal. Your intuition and first

impressions are likely to be quite accurate, however, and you tend to depend upon this faculty in making decisions.

Mercury Sextile Mars:

You speak clearly, decisively, and convincingly, and thoroughly enjoy a vigorous discussion or debate. You would be an effective lawyer or public speaker, a salesman of ideas. Others tend to listen to you and follow your lead, and you have a talent for directing people and making decisions. You also have an aptitude for writing, especially criticism or satire.

Chapter 4: Emotions: Moods, Feelings, Romance

Moon in Cancer:

You respond very much to the emotional tone and atmosphere around you, and can be dominated by your fluctuating and unpredictable moods. You often appear irrational to others because you cannot always explain the reason or source of your feelings. Anyone who lives with you must accept your ups and downs and appreciate your need for times of withdrawal.

You are also very sympathetic and understand the unspoken feelings and needs of others. You take slights and rebuffs very personally and though you may forgive a transgression by a friend or loved one, you never forget it.

Moon in 10th house:

You work well with the public and have an instinct for what the public wants and will respond to. Having a "nest" is not especially important to you, and you may invest more of your emotional energy into your career or public life than in your private life. Providing for and caring for others in a professional capacity is very likely.

Moon Conjunct Venus:

No matter how you appear on the surface, you have a very soft heart and others can always appeal to your sympathetic, affectionate side. You especially care about the needs of children, mothers, and families, and you want a love partner who values marriage, home, and family as much as you do. Unkindness or harshness offends you very much.

Moon Trine Mars:

You are assertive and confront difficulties in a direct, no-nonsense sort of way. You cannot tolerate self-pity or passivity, and you can be rather brusque with others' emotional problems. "Stop crying and DO something about it" might be your motto.

Moon Trine Saturn:

You have an inner poise and balance that enables you to act in a cool, efficient manner during emotional traumas and stress. You keep perspective and objectivity about highly charged emotional issues - sometimes to the chagrin of others who might wish that you would react more intensely. You are quietly supportive and faithful to your friends and loved ones.

Moon Trine Neptune:

The beauty and harmony of your surroundings has a very powerful effect on your emotions. You are very sensitive and cannot stand to be in an atmosphere where there is discord or dissonance. Gentle, kindhearted, and peace-loving, you will give or sacrifice much in order to avoid a fight and to "make everyone happy".

Venus in Leo:

Warmhearted and generous in love, you cannot tolerate pettiness or stinginess in your partner. You want a Hero, a Prince or Princess to idolize and adore, someone you wholeheartedly admire and can be proud of. You are tremendously loyal and devoted once you give your heart to someone.

You crave love, appreciation, and attention from others and hate to be ignored. You are rather susceptible to flattery and love to feel SPECIAL. You enjoy some drama and color in your love life and grand romantic gestures or an extravagant expression of generosity impresses you.

Venus in 10th house:

Promoting beauty, the arts, or entertainment can make you very happy. You want to contribute something positive and loving to the world at large and you want to be recognized for your beauty, artistic gifts, or loving generosity. You may "marry" your work - that is, be more involved in your career than in your private life. You are a natural hostess or diplomat.

Venus Trine Saturn:

Loyalty, fidelity, and security are very important to you in love. You are cautious about giving your heart away but true to the one who does win your love. Your tastes are simple, even austere, and you do not appreciate frivolity. You are interested in a person's character and inner qualities far more than their appearance. Casual or superficial relationships don't interest you at all, for love seems to get deeper and richer and more satisfying for you with time.

Venus Trine Neptune:

Sensitive and compassionate, you tend to be the "giver" in any relationship. You have high ideals and a refined attitude towards love, seeking to relate in ways that are beyond ego needs and selfishness. You are attracted to people with artistic or mystical inclinations.

Chapter 5: Drive and Ambition: How You Achieve Your Goals

Mars in Scorpio:

You are extremely strong-willed and you pursue your goals and desires with passionate dedication and determination. You are capable of total concentration and tremendous discipline, and you are very difficult to influence or sway once your mind is made up. When you want something, you can be very one-sided and almost obsessed with it. You are very instinctive and do not always consciously know why you feel as strongly and deeply as you do.

You also tend to be secretive and unwilling to reveal your aims and intentions, and the intensity of your will and

desire may not be apparent to others at first. However, you are very forceful in a quiet and subtle way. You often manipulate or force your will upon other people, without being overtly aggressive. You are not interested in confrontation but are a formidable foe if you meet opposition or aggression from another. You are courageous and have a rather primitive, raw side as well.

Mars in 2nd house:

You often buy things on impulse and you can be reckless with your material resources and money. You have certain possessions that you are extremely attached to and possessive of.

Mars Conjunct Saturn:

You are very serious about reaching your goals and feel that keeping your nose to the grindstone is the only way to do it. Hard work, persistent effort, and concentration upon a single objective are the ways you achieve your aims in life. You exercise great self-control, even self-denial, in order to accomplish what you desire. You meet obstacles stoically and will struggle patiently through difficult circumstances. You feel that you must rely on yourself alone, that it's all on your shoulders, and you can be a harsh disciplinarian, expecting far too much from yourself and others. Often you hold yourself back, doubting your own power and ability. You may feel that you meet great resistance whenever you try to assert yourself or take initiative, and that is very frustrating to you. However, you have the power of endurance and a dogged determination to overcome all obstacles.

Chapter 6: Other Influences

Jupiter in Aries:

You believe strongly in the power of positivity and in each individual's ability to make life anything desired through one's own initiative and effort. The more you rely on yourself, the better you feel, and you find it difficult to ask for or accept outside help. The joy of competing (and especially winning!) runs deep in you.

Jupiter in 7th house:

You are a very sociable person, and you need to reach out and communicate with many different people. You are interested in what others can teach you and are drawn to those with more knowledge or breadth of experience than yourself. You expect a high level of integrity and sincerity from others and you do not tolerate pettiness or hypocrisy in your close friends or marriage partner.

You also need freedom and want a partner who will support your need to keep learning and growing, who will not limit you or set too many boundaries. Your marriage is likely to be very satisfying and rich.

Saturn in Scorpio:

You both yearn for, and fear, being emotionally vulnerable with others and experiencing deep emotional intimacy. Trusting others and letting yourself be known in a deep way doesn't come easily to you, and sexual inhibitions may result from this. You are very self-protective and may be compulsively secretive. Learning to relinquish control in personal relationships, and to be completely open, are important tasks for you.

Saturn in 2nd house:

Your fears revolve around money and material security, and you work very hard to ensure that your assets are solid. You may be very conservative, even stingy, with your money because you are afraid there won't be enough. You may turn this fear around and become very shrewd about investments and financial matters.

Saturn Conjunct Neptune:

You take your ideals and dreams very seriously, and you go through periods of fervent dedication to a lofty ideal or vision. You have the ability to gain some real depth in spiritual or imaginative areas, but you also can become so involved in your imaginative, idealistic pursuits that you lose perspective and develop feelings of alienation and isolation from others.

Uranus in Scorpio:

You are part of a 7 year group of people who break up all manner of taboos regarding death, sex, and any other personal, private, or difficult topics. Your age group is less modest about sex than other age groups and promiscuity is not uncommon. You love emotional intensity, and there are many extremists and fanatics in your age group.

Uranus in 2nd house:

You have a reckless, impulsive, or very unconventional attitude toward money, material things, and ownership. Above all, you do not want to be possessed by your possessions. The obligations of owning things are likely to feel oppressive to you.

Also, you may make your money in a field that is unconventional, highly unstable, or very inventive and innovative. Your fortunes are likely to fluctuate widely throughout your life.

Neptune in Sagittarius:

You are part of a 14 year group of people that are extremely idealistic and farsighted in their dreams. Your age group is very liberal and expansive in outlook, and consequently churches become much more flexible and more eclectic in their approach during your life time. Religions that do not adapt to the broad-minded attitude of your age group simply are unable to attract very much interest and involvement from you.

A great deal of metaphysical musing and speculation is evident in your age group, and there is a very strong interest in all manner of psychic phenomena, UFO's, prophecy, etc. This interest will open many new doors and insights, but will also often lead to a great deal of fantasizing and speculation that is taken more seriously than it should be.

Neptune in 3rd house:

Daydreaming, lack of concentration, and inattention to your surroundings can be problems for you. Your mind tends to wander unless you are using it in an imaginative, creative way. Dry facts and cold logic hold no appeal for you, and unless a subject has a colorful or personally inspiring element, you won't stick with it for long. You have a sensitive, intuitive bent.

Pluto in Pisces:

You are part of a 25 year group of people who are highly imaginative and intuitive. Your age group has a deep, inner yearning for a more idyllic life, and your rich imagination dreams up many ways to attain these lofty goals. The yearning for a more perfect and beautiful world sometimes leads to feelings of frustration with "the real

world". It is particularly difficult for those of your generation who have a difficult childhood or lack the inner strength to adequately meet life's challenges; consequently, increased alcoholism and drug use can easily develop.

Unique contributions to literature and music abound in your generation. Spiritual and religious aspiration is also high. Your generation is driven by less tangible things than other generations. Spiritual aspirations, artistic inspirations, hopes, and fantasies are the driving power behind your age group.

Pluto in 6th house:

You can become obsessed with your health, self-improvement and personal development. The psychological elements of disease interest you, and you may endlessly psychoanalyze yourself and others.

Also, you may work compulsively and exhaust yourself through overwork. You can be a tyrant with co-workers, and it may be easier for you to work in solitude.
