## Chapter 1: How You Approach Life and How You Appear To Others

### *Virgo Rising:*

Modest, unobtrusive, and often rather quiet or shy, you are a person who is content to be in the background or to serve as an assistant, in the supporting role rather than in the lead. You are quite humble in your own assessment of yourself and you have a very strong perfectionistic attitude, with a tendency to be overly self-critical. No matter how well you do something, you always see the flaws in it and how it could be improved. Often you will simply refuse to attempt something because you feel you cannot meet your own high standards.

You have an eye for detail and get upset when something is not done just so, usually something others consider rather inconsequential or trivial. You are hard to please and your relationships with others may suffer because of this. You also have refined sensitivities and are very discriminating and particular in your choice of foods, clothes, friends, artwork, etc. Order in your environment is very important to you.

You step into situations rather cautiously, and not without realistically assessing all of the risks and potential advantages involved. Unless something is a safe bet, you are unlikely to dive into it. You tend to underestimate your own capacities and to lack confidence and trust in life, which inhibits your spontaneity. Worrying is a bad habit of yours. On the other hand, you rarely fall flat on your face and what you do, you do very well.

Others see you as a self-sufficient and rather self-contained person. You have a strong sense of propriety. Politeness, good manners, and correct behavior are important to you. Your clear, cool, objective and nonemotional attitude is apparent to others first, and though you are really quite helpful and caring, you do not radiate much sympathy so that others may not see the helpful side as readily. You may seem more businesslike and factual, and also more conservative, than you really are at heart. You are the person others might go to for technical advice or an unbiased opinion, but not for emotional support.

You are keenly observant, intelligent, and have a great desire for learning and for self-improvement, but you are not especially ambitious and are often satisfied in a rather simple, unglamorous position in life.

## Chapter 2: The Inner You: Your Real Motivation

### *Sun in Pisces:*

At heart you are very gentle, impressionable, and receptive - a dreamer. The world of your imagination, feelings, and intuition is as real to you as anything in the outer world, though you may have trouble verbalizing or interpreting your inner experiences in a way others can understand. Mystical, artistic, musical, emotional and imaginative, you have a rich inner life, though you may seem rather unobtrusive and quiet outwardly. You usually keep to yourself.

You have great sensitivity and empathy with others, and you often sense things psychically or intuitively which prove to be correct. You are tolerant, forgiving, and nonjudgmental, accepting people unconditionally regardless of their flaws, mistakes, or outward appearance. You have deep compassion for the suffering of any fellow creature and often feel others' pain as if it were your own. You sympathize with the needy, the disadvantaged, the misfits of society. You are capable of giving

selflessly, living a life of devoted and compassionate service to others, as a healer, physician, social worker, or minister. However, you tend to give indiscriminately, to let others take advantage of your kindness, and to encourage the weak to remain so by becoming dependent upon you. You have little sense of boundaries, of limits, of knowing when to say "no". Moderation and self-discipline are not your strong points.

You are a lover and a peace-maker rather than a fighter, and you try to avoid open conflict. You will patiently ignore or "tune out" problems and hope they will go away by themselves, rather than directly confronting them, and you tend to lack the positive fighting spirit that is sometimes necessary to overcome challenges. You are fluid, open, nonresistant, and somewhat passive. You do things in a subtle, often covert, manner.

Your gifts may also lie in the realm of the creative, artistic, or musical, for you have a great sensitivity, inspiration, and limitless imagination. You respond very strongly to beauty and to love.

Your faults include a tendency to be lazy and negligent, and to wallow in self-pity rather than taking strong, definite action to change your life for the better. You also tend to become so detached from your immediate environment that you live in a disorderly, chaotic sort of hodgepodge, though this probably bothers those around you more than it bothers you.

#### *Sun in 6th house:*

Your energies are directed to either perfecting your techniques, skills, and abilities in work, or in "perfecting", refining, and improving yourself as a person. Critical analysis and attention to minute detail are intrinsic in either process. The urge to bring about a state of wholeness or optimal functioning is a strong motivation of yours, and you are quite a perfectionist!

You can easily become overly identified or involved with the function you perform, with your work, or with your own health and "growth process".

#### *Sun Conjunct Venus:*

You are loving and well-loved by others, and have a strong need for kindness, friendship, and affection. Your artistic and creative powers are also well developed and you do everything in a harmonious, gracious, pleasing manner. Aesthetics are very important to you. Your personal appearance and attractiveness are also very important to you.

#### *Sun Conjunct Pluto:*

Inwardly you are zealous and fanatical, though you may hide your personal desires and intentions, and the intensity of your feelings. You are driven by a deep inner sense of destiny and mission and an almost compulsive desire for personal recognition. You have an infatuation with power and are incredibly willful and stubbornly fixated on achieving greatness or being Somebody Special. You tend to worship heroes who have powerful personal magnetism and charisma, and often seek to emulate them. You have potential for tremendous good or tremendous evil.

#### *Sun Square Saturn:*

Feelings of personal inadequacy, inhibitions, and self-doubt often plague you. You have a cautious, careful, realistic attitude toward life and are highly responsible and disciplined with regard to your obligations and duties. You tend to work and struggle more than you need to, and to take yourself too seriously.

#### *Sun Square Neptune:*

You are extremely sensitive and imaginative, and you can get lost in your dreams, fantasies, and visions. You are attracted to artistic and creative pursuits, the world of color, beauty, and emotion. You are also drawn to mysticism and have deep spiritual aspirations and yearnings. Gentle and peace-loving, you may lack the will and competitive spirit needed to make your way in the world. You are often impractical and may seek to avoid or escape the hard realities of life.

*Sun Trine Uranus:*

The unusual and unorthodox appeal to you, and you do not allow tradition, convention, or other people's expectations dictate how you are going to live your life. You crave freedom, adventure, excitement, and discovery, and are not afraid of change. You possess inventive and creative genius.

**Chapter 3: Mental Interests and Abilities**

*Mercury in Aquarius:*

You are a progressive thinker, open and receptive to new technologies and breakthroughs in science, and the latest discoveries in any field. You have high expectations and a deep belief that mankind's problems can be solved through the use of our creative intelligence and inventive mind. You have no patience for those whose conservative, unimaginative outlook limits their capacity to find solutions and envision a better future. You also like to keep abreast of current developments in world affairs, for you instinctively know that what happens in one part of the world affects everyone. You have a strong humanitarian impulse. Practically speaking, you have an aptitude for organization and enjoy being involved in cooperative endeavors or businesses that are contemporary and innovative.

*Mercury in 5th house:*

You enjoy puzzles and other games that challenge you intellectually. You like to show off your verbal or intellectual skills and to use your mind creatively. Writing, dramatic speaking or some other display of your creative intelligence appeals to you.

*Mercury Square Uranus:*

You are an original thinker, capable of unique discoveries and innovations, but you tend to scatter your energies into too many directions at once and to make impulsive or hasty decisions. You grasp ideas very quickly and become impatient with duller or more conservative minds. A fast-moving, mentally stimulating, and unpredictable atmosphere suits you quite well, even though you may complain about the stress and the crazy pace. You have a technical bent and are interested in the newest scientific theories and findings, electronics, computers, etc.

*Mercury Sextile Saturn:*

You possess excellent powers of concentration, and enjoy studying or deep thinking in solitude. Discriminating and highly rational, you get right down to the bare bones in any discussion, and are quick to see the fuzzy thinking or weaknesses in another's logic. You are well suited to any work which requires organized thinking, precision,

and a methodical approach. You enjoy working on problems that others consider too tedious, repetitive, or technical. You tend to become a specialist in some field of knowledge, and to become engrossed in all of the small details of that area, sometimes not realizing that few people share your particular interest, especially to the extent that you do.

## Chapter 4: Emotions: Moods, Feelings, Romance

### *Moon in Capricorn:*

Serious and responsible, you try to carry the world on your shoulders and rarely let others know that you need help and support. You deny or ignore your own emotional needs and feel that others will not accept you if you appear "weak". You are especially uncomfortable with emotional dependency, and will tell yourself and others (even children) not to be a "baby". You need to accept that no one is self-sufficient all the time, and to be gentler with your "childish" emotional needs and wants. To others, you may appear to be rather hard-nosed and tough, with a businesslike attitude toward their personal concerns and feelings. Actually, no one is a truer friend. Your feelings and loyalties run deep, but you often do not

let people know how much you care. You also need to learn to relax, enjoy yourself, and play sometimes.

### *Moon in 5th house:*

You are emotionally expressive and often dramatize your feelings, acting them out or blowing them out of proportion. You can not hide your instinctive emotional reactions to people or situations, and you don't make any pretenses about your personal sympathies or antipathies.

You have a childlike openness and playfulness which is very appealing to others, but which sometimes gets you into trouble, as you take risks on impulse or whim.

### *Moon Sextile Uranus:*

You are uninhibited and spontaneous and will often do something unexpected or humorous in order to loosen people up and get them out of their ruts. You crave emotional stimulation, excitement, surprises, and anything new. You love to feel free and unfettered.

### *Moon Sextile Pluto:*

You enjoy emotional intensity and are attracted to the mysterious, the unknown, and to dangerous or challenging experiences which draw on all of your inner resources. You are able to handle an emotional crisis very well, and you are interested in the deep roots of emotional problems and how to cure them. You insist on bringing feelings between people out into the open, for you want real closeness and intimacy with others, without barriers or secrets.

### *Venus in Pisces:*

Tremendously softhearted and sympathetic, you give very selflessly and devotedly to those you love and often allow others to become overly dependent upon you. More compassionate than passionate, you may become romantically involved with someone because they need love and you want to help them, rather than out of mutual pleasure or attraction.

You are drawn to sensitive, imaginative, gentle souls - poets, musicians, dreamers - or to someone you feel you can have a deep spiritual relationship with. You idealize love and have a very beautiful, romantic vision of what love can be.

*Venus in 6th house:*

When you care about someone, you like to serve them, doing small thoughtful favors, helping them, or doing something tangible to show your affection.

You also have considerable artistic or creative skill and may sew or do other handiwork or crafts. In fact, you are suited for a profession involving beauty or pleasure or making people happy in some way.

*Venus Square Neptune:*

You have a very romantic, idealistic vision of love and may be disillusioned to discover that no real, flesh-and-blood human being ever quite lives up to your dream image of the Perfect Love. Though you frequently fantasize about love and romance, you may avoid becoming intimately involved with anyone or making definite commitments. You can be evasive and dishonest with yourself and others, when it comes to love. Some of your love yearnings may be expressed through art, music, or an involvement with mysticism.

**Chapter 5: Drive and Ambition: How You Achieve Your Goals**

*Mars in Aries:*

You have a warrior's attitude - decisive, courageous, and bold. You tend to always want to DO something, even when waiting for an appropriate time or not doing something (simply letting things alone to resolve themselves) would actually be more efficient and effective. You absolutely cannot tolerate being passive or even patient about getting what you want. You feel that it is up to you to take the initiative and you go after your goal or desire very aggressively.

You are also self-reliant, do not depend on others to do things for you or help you along, and you are often irritated when other people offer advice or direction. Cooperation rarely comes easily to you. You are willful and can be quite oblivious to others' desires or feelings when you are pursuing something you want. You are highly competitive, enjoy a challenge or a good fight, and may be downright pugnacious at times. Abounding in energy and enthusiasm at the start of a new venture, you need a very positive response and encouragement to sustain your interest in it. If a project isn't successful rather quickly, you are apt to drop it and move on to something else, rather than rework or refine it. The desire to blaze a trail, to do things in a new way - YOUR way - is very strong in you. You can discover, invent, and initiate new things, but are impatient and may lack the stamina and perseverance needed to complete a long-term project.

*Mars in 8th house:*

You meet numerous challenges and possibly defeats in pursuit of your goals and desires, and your setbacks often occur because you've been too rash or intent on working your own will regardless of the impact on others. You are intense and passionate, and simply don't know when to stop sometimes! Recklessness with others can be a problem for you.

*Mars Trine Neptune:*

You dream up creative solutions to problems and take an imaginative, unusual approach to getting a job done. When difficulties arise you prefer to avoid conflict and confrontation in favor of more peaceful or subtle methods of resolving problems. Working to help others or for a cause that transcends your own narrow, personal interests is satisfying for you. You have an artistic flair and appreciate the colorful, unique, or strange.

**Chapter 6: Other Influences**

*Jupiter in Aries:*

You believe strongly in the power of positivity and in each individual's ability to make life anything desired through one's own initiative and effort. The more you rely on yourself, the better you feel, and you find it difficult to ask for or accept outside help. The joy of competing (and especially winning!) runs deep in you.

*Jupiter in 8th house:*

You are successful in dealing with other people's money or material assets, either through your work or by combining and sharing what you have with someone else (marriage or business partner). An "inheritance" (either material or psychological) which comes through your spouse or other close partner is likely to benefit you immensely.

*Saturn in Sagittarius:*

You have a critical, cynical attitude towards many religions and philosophies. Without realizing it, you prevent yourself from appreciating new viewpoints and attitudes. You are more rigid and dogmatic than you realize. Your approach may also be too intellectual or moralistic. You take your own political beliefs and spiritual philosophy very seriously, worrying and fretting if you are not 100% clear about some ideology or theory.

*Saturn in 4th house:*

Your childhood or your relationship with your parents was restrictive, unloving, or unhappy in ways that may prevent you from allowing other people to get close to you in later life. You felt deprived in some manner, whether or not you actually were deprived in some way. Emotional separations or repression of your needs and feelings may typify your early life, at least as you remember it. Forgiving your parents and/or letting go of any resentments you have about the limitations you experienced early in your life is crucial. Also, you need to build your own solid foundation, and investing time and energy into your home, domestic relationships, and inner life can help you accomplish this.

### *Saturn Conjunct Neptune:*

You take your ideals and dreams very seriously, and you go through periods of fervent dedication to a lofty ideal or vision. You have the ability to gain some real depth in spiritual or imaginative areas, but you also can become so involved in your imaginative, idealistic pursuits that you lose perspective and develop feelings of alienation and isolation from others.

### *Saturn Square Pluto:*

Once you decide what you want to do, you will pursue it tenaciously and, if necessary, sacrifice a great deal for your deeply felt convictions. This trait tends to make you feel a little out of step with others. You take things a little more seriously and have an inclination to be a bit of a fanatic, although probably not flamboyantly so, so others may not know how deeply you feel and how driven you are about the things that are important to you. You have a deep inner resolve and are willing to struggle to do the things that are really meaningful to you, rather than follow an easier but less meaningful course in life.

### *Uranus in Scorpio:*

You are part of a 7 year group of people who break up all manner of taboos regarding death, sex, and any other personal, private, or difficult topics. Your age group is less modest about sex than other age groups and promiscuity is not uncommon. You love emotional intensity, and there are many extremists and fanatics in your age group.

### *Uranus in 3rd house:*

You grasp new concepts quickly and are interested in new technologies, discoveries, and innovations. Unconventional ideas and creative, original approaches to problems are very attractive to you also. You are easily bored and may have trouble concentrating on one idea or task at a time. You have an inventive mind.

### *Uranus Trine Pluto:*

You were also born during a period that lasted approximately 5 years and is characterized by a very dynamic and competitive spirit. From your age group come many reformers and dynamic personalities who introduce fundamental changes in every area of life, whether it be science, politics, etc. You are part of a dynamic wave of highly spirited individuals who are very progressive. You have the opportunity to be part of efforts to introduce a great deal of reform, most of which will be positive and constructive.

### *Neptune in Sagittarius:*

You are part of a 14 year group of people that are extremely idealistic and farsighted in their dreams. Your age group is very liberal and expansive in outlook, and consequently churches become much more flexible and more eclectic in their approach during your life time. Religions that do not adapt to the broad-minded attitude of your age group simply are unable to attract very much interest and involvement from you.

A great deal of metaphysical musing and speculation is evident in your age group, and there is a very strong interest in all manner of psychic phenomena, UFO's, prophecy, etc. This interest will open many new doors and insights, but will also often lead to a great

deal of fantasizing and speculation that is taken more seriously than it should be.

*Neptune in 3rd house:*

Daydreaming, lack of concentration, and inattention to your surroundings can be problems for you. Your mind tends to wander unless you are using it in an imaginative, creative way. Dry facts and cold logic hold no appeal for you, and unless a subject has a colorful or personally inspiring element, you won't stick with it for long. You have a sensitive, intuitive bent.

*Pluto in Pisces:*

You are part of a 25 year group of people who are highly imaginative and intuitive. Your age group has a deep, inner yearning for a more idyllic life, and your rich imagination dreams up many ways to attain these lofty goals. The yearning for a more perfect and beautiful world sometimes leads to feelings of frustration with "the real world". It is particularly difficult for those of your generation who have a difficult childhood or lack the inner strength to adequately meet life's challenges; consequently, increased alcoholism and drug use can easily develop.

Unique contributions to literature and music abound in your generation. Spiritual and religious aspiration is also high. Your generation is driven by less tangible things than other generations. Spiritual aspirations, artistic inspirations, hopes, and fantasies are the driving power behind your age group.

*Pluto in 7th house:*

Emotional intensity, compulsive attraction, and a sense of fate or destiny characterize your one-to-one relationships. It's as if you simply cannot have light, superficial relationships; they are inevitably profound, intense experiences which reveal your depths to you. You may be drawn to powerful, charismatic, willful people that challenge, thwart, and ultimately evoke your own power and strengths. Your marriage is likely to be the arena for your greatest growth.
